**ROSELIO R. ARANDIA AND YOLANDA DC. ARANDIA**

Arandia Academy, Airport Village, Barangay Moonwalk, Parañaque City

Dear Sir/Ma'am:

This is in reference to our existing telecommunication facility located at Arandia Academy, Airport Village, Barangay Moonwalk, Parañaque City. We have considered the study and evaluation of our Technical team and the result of the study shows that our existing facilities and equipment installed in your property requires necessary preventive maintenance and enhancement to provide our valued subscribers with an optimum service.

The said project might include incidental change out of defective or obsolete equipment and installation of antenna that will provide a better customer experience for voice and data services.

In relation to this, we have designated **HUAWEI TECHNOLOGIES, INC.**, our authorized contractor and its subcontractors to facilitate the following activities:

1. Access for survey of existing equipment and tower facilities
2. Implementation of the project plan (based on the attached plan enhancement of antenna)
3. Retrofitting works (If necessary)
4. Testing and Optimization of activities
5. Cable works maintenance and installation
6. Actual Migration and Rectification activity
7. Site Acceptance

In this regard, we would like to request for your written consent to allow to our implementation team to access our site by signing this letter and the attached proposed project plan. The said team will be submitting a signed work permit and access pass on the day of implementation. Rest assured that extreme care shall be taken to prevent damage to your property during the duration of the activity and applicable safety and construction standards shall be enforced at all times.

For coordination, you may contact Felicisimo T. Felizardo Jr, authorized site acquisition coordinator at mobile number 0995-894-2177.

Thank you.

Sincerely yours,

*Janneth C. Calamba*
